For more information on events please call Karen: 240-375-4061 or email karen@townofindianhead.org

Mayor's Message by Dennis J. Scheessele

In the last couple of months, there have been a couple of changes made in our recycling program. First, we have decided to add large recycling carts to our collection tools. You have probably seen the large blue recycling carts with the Town Seal on the side popping up on your street or a street near you. If you would like to get one for your recyclable waste, call the Town Hall (301-743-5511) to add your name to the list for delivery. If you want to continue to use your recycling bins/ baskets, you can. We encourage everyone to recycle all of your recyclable waste and to use the new carts. There is no charge for the cart, but it must be used for recycling.

Second, when we added the large carts we decided to re-bid the recycling collection contract. We thought this would be advisable to get competitive pricing for recycling pick-up using the large carts. We received three bids and awarded the contract to All American Refuse and Recycling from Prince Frederick, MD. There will be no increase in the solid waste collection rate.

You have also probably noticed the stockpile of top soil on the Village Green. This is the top soil that was excavated for the construction of the trailhead plaza. We saved the disposal costs by having the contractor stockpile it on the Village Green. Public Works will use the top soil to regrade the area where storm water collects after storms. Public Works has surveyed the area to determine the number and location of storm inlets required to mitigate the ponding problem. Once the storm inlets are delivered, Public Works will install them and then spread the top soil to regrade the area to correct the existing drainage problems in the area. This work will be accomplished as it can be integrated into the weekly work flow of the Public Works crew.

This prompts an update on the Trailhead Plaza Project and the Connector Trail Project. The Trailhead Plaza is well underway. It is about two-thirds complete. The shade canopy over the benches near the rain garden and the covered information kiosk need to be installed. And the rain garden storm water infiltration area needs to be graded and planted. Then final grading and seeding will be completed.

The Connector Trail from the Village Green to the Indian Head Rail Trail is also well underway and is approximately 75% complete. Concrete work for curbing and handicap access ramps will be constructed along Town Street and around the corner on E. Mattingly Ave. Also a curb cut will be made along the Village Green side of Indian Head Hwy for construction of a handicap access ramp where the connector trail crosses from Town Street to the Village Green. The Connector Trail is required to be handicapped accessible. Once the concrete work is complete, the paving contractor will come back to complete the connector trail paving, striping, and street signage.

Next, I want to provide an update on the progress with blighted property. In the last newsletter, I said we were having some problems with progress on Consent Orders for three blighted properties on Indian Head Hwy between the base gate and Raymond Avenue and that we would schedule inspections of the properties to verify that work is ongoing and that interim deadlines are being met. Those inspections have been completed and work is not progressing satisfactorily and interim deadlines have been missed. The Town Attorney is preparing to go back to court on those three properties. Additionally, we are taking three additional properties to court for property maintenance issues. We have a scheduled court date for a property on Bertha Circle. And we are filing court cases for property maintenance issues on two additional properties, one on Indian Head Avenue and one on Strauss Avenue.

Finally, the new school year has started and kids are walking to and gathering at bus stops. So, please drive carefully and within the speed limit. Driving fast through the neighborhoods isn't worth the risk to our children. Trying to save a few seconds driving through the neighborhoods isn't worth it.

The Town Council, Town Staff and I wish each of you a safe and enjoyable autumn.

Town Fall Leaf Vacuum Collection

Begins November 5

Leaf Vacuum Collection is offered by the Town on Wednesdays during the fall season, weather permitting.

- Only leaves free of sticks, rocks and debris can be raked to the curb.
- Do not rake leaves into the paved portion of the streets or into the storm drains.
- Bagged leaves placed curbside will be picked up with other yard waste during the regular Wednesday year-round yard waste pick-up.
- Keep regular household trash containers separate from yard waste.
- Bagged yard waste may be placed curbside on Wednesdays year-round for pick-up.

Please be patient, due to large volume of leaves the entire Town cannot always be covered in a single day. The crew will conduct one complete pass through of the entire Town before doubling back on streets.

BURNING LEAVES IS NOT PERMITTED

NO OUTDOOR BURNING OF ANY KIND IS PERMITTED WITHIN THE TOWN LIMITS

Vacuum Collection is subject to weather. Should snow removal be required, the leaf vacuum will not operate.

Call the Town Hall to confirm the operation schedule before raking your leaves to the curb.

301-743-5511 or 301-753-6633

LAST DAY for the Leaf Vacuum is January 1 or the first snow.

IHVFD: Fire Safety Starts with You!

Did you know that many people don't test their smoke alarms as often as they should? When there is a fire, smoke spreads fast. You need working smoke alarms to give you time to get out. Test yours every month! The Indian Head Volunteer would like to remind everyone that ***you*** are the first link when it comes to Fire Safety for you and your family. Ensuring your families safety not only includes being fire safe but knowing what to do should you experience a fire at your home.

Here are some fire safety tips that we suggest you follow to help keep you and your family safe.

Smoke Alarms

Almost two-thirds (62%) of reported home fire deaths resulted from fires in homes with no smoke alarms or no working smoke alarms.

There has been a change to the Maryland fire law regarding residential Smoke Alarms.
In accordance to the new law which went into effect on July 1, 2013 when replacing smoke alarms in your home, they must be a sealed battery unit with a 10 year life battery. If the alarms are hard-wired (electrical) with a battery backup and you are replacing them, they must have a sealed battery backup as well.
Here are some tips about installing and maintaining residential smoke alarms.

- Be sure to install smoke alarm in every bedroom, outside each separate sleeping area and on every level of the home, including the basement.
- If at all possible, interconnect all smoke alarms throughout the home. When one sounds, they all sound.
- ***Be sure to replace smoke alarms every 10 years in accordance with the manufacture's recommendations***. (All replaced alarms must have a 10 year sealed battery back system).
- Be sure to test your smoke alarms at least monthly in accordance with the manufacturer's recommendations.
- Working smoke alarms improve your chances of surviving a fire in your home by 50% and are an inexpensive device to ensure you and your family's safety.
- Smoke alarms that include a recordable voice announcement in addition to the usual alarm sound, may be helpful in waking children through the use of a familiar voice.

- Smoke alarms are available for people who are deaf or hard of hearing. These devices use strobe lights. Vibration devices can be added to these alarms.

- **The Indian Head Volunteer Fire Department and Rescue Squad Inc. would like to remind everyone that we have 10 year smoke alarms and Hearing Impaired smoke alarms available for installation in your home at no cost to you or your family.**

"Test Your Smoke Alarms"

Escape Planning

When fire strikes, the reality is that your home could be engulfed in smoke and flames in just a matter of a few minutes and your chances of escape reduced drastically. Should this happen, do you and your family know two ways out of your home? It is important to have and practice a home fire escape plan that prepares your family to think fast and get out quickly when the smoke alarm sounds. What if your first escape route is blocked by smoke or flames, would you know how to get out? That's why having an escape plan and knowing two ways out is such a key part of your plan. Remember that smoke alarms are an important part of a home fire escape plan.

- According to an NFPA survey, only one-third of Americans have both developed and practiced a home fire escape plan.
- Almost three-quarters of Americans do have an escape plan; however, less than half actually practiced it.
- One-third of Americans households who made an estimate thought they would have at least 6 minutes before a fire in their home would become life threatening. Often times the actual time is reduced to just a couple minutes.
- Be sure to include a family meeting place in your plan.

"Know Two Ways Out of Every Room"

Cooking Safety

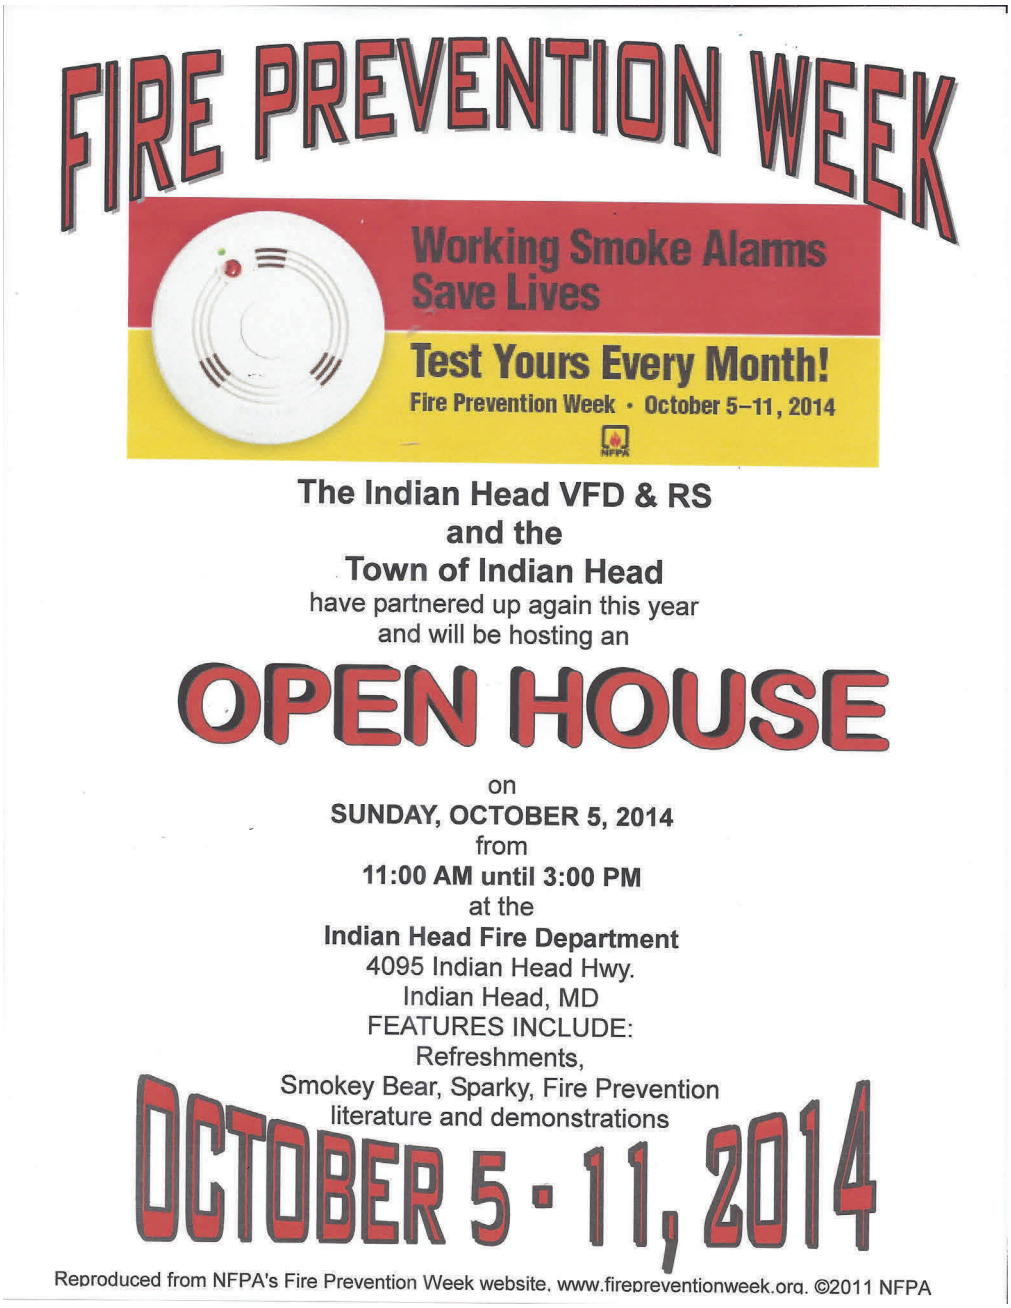

Cooking fires have been the leading cause of all reported home fires and home fire injuries in the United States since 1990. Believe it or not, unattended cooking is the leading cause of fires with two-thirds of home cooking fires beginning with the ignition of cooking materials, including food, cooking oil, fat, or grease.

By following the below safety tips, you help prevent kitchen fires in your home:

- NEVER leave anything stovetop cooking unattended.
- NEVER put water on a grease fire. Water and grease do not mix and it will overfill the pan causing the fire to spill out onto the counter top.
- Be sure to have an oversized lid handy to smother a pan fire. By simply placing the lid over the top of the fire and turning the burner off, it will go out.
- Have a "Kid Free Zone" around the stove. (3 feet)
- If you experience an oven fire, leave the door closed and turn off the oven. By opening the door you could introduce air to whatever is burning making the fire larger.

National Fire Prevention Week
October 5 -11, 2014

We would also like to invite everyone to our Annual Fire Prevention Week/Community Safety Open House on Sunday, October 5th from 11:00 AM to 3:00 PM at the fire station. Stop on in and learn more about General Fire Safety, Smoke Alarms, visit with Sparky the Fire Dog, Smokey the Bear and get vital safety information for all ages.

Pet Waste 101: Part 3

By Nieda Tice, Town Resident & Green Team Member

Clean Up, It's the Law

At the July 7, 2014, Town Meeting, the Indian Head Town Council adopted a new Pet Waste Ordinance. It reads: "An owner or person having control of a domestic animal shall not allow the animal to defecate on public property or private property not belonging to the owner or person having control without having in the person's possession a suitable container for the removal and disposal of the waste. The owner or person having control of the animal must remove immediately any waste deposited by the animal and dispose of the waste in a proper and sanitary manner. A violation of this section is a municipal infraction."

The Town of Indian Head has cleanup stations at Meekins Park, Mattingly Park, and along the Village Green. In those locations you will find pet waste cleanup bags and trash cans. There are also similar stations along the Rail Trail. So clean up, it's the law!

Town of Indian Head Useful Information

Holiday Closings

Town Hall, Public Works and the Community Affairs Office will be closed on the following days this quarter in observance of the holidays listed:

Labor Day
Monday, September 1
Veteran's Day
Tuesday, November 11
Thanksgiving Day & Day After
Thursday & Friday, November 27 & 28

If you have a water or sewer emergency after hours, call 301-743-2222 to report your emergency. On-call Town personnel will be contacted and the problem will be handled accordingly.

After hours non-emergency type problems can be reported by leaving a message on the Town Hall office number 301-743-5511. Be prepared to furnish your name, address, phone number and brief, but detailed description of the type of problem. Water cut-offs for non-payment are not considered emergencies and are only handled during Public Works regular business hours.

Town Codes

- **Burning**—No burning is allowed within the Town.
- **Animal Control**—Dogs must be kept on the owner's property unless properly restrained. The Charles County Animal Control provides animal enforcement within the Town. Call 301-932-1713 if you have a problem.
- **Abandoned or Inoperative Vehicles** are prohibited within the Town and may not be kept on the street for more than 24 hours or on private property, with certain exceptions. Call Code Enforcement at 301-743-5511 ext. 101 with any questions.
- **Property Maintenance**—Every dwelling and lot shall be kept free from trash and garbage. Weeds and grass must be cut and kept shorter than 10 inches.
- **Building Code**—The Town has an adopted building code. Any new construction or remodeling, including, but not limited to porches, fences, sheds and garages, requires inspection and a building permit from the Town.

Town Meetings

1st Monday every month at 7:30 pm at the Village Green Pavilion. Televised 8pm first two Fridays each month on Comcast Channel 99. Meetings will also be televised on CCGTV on Mondays at 10am and Wednesdays at 7pm. Comcast channel 99 and FIOS channel 12.

Town Hall

Office Hours
Monday - Friday
8:30 a.m.- 4:30 p.m.

Ofc: 301-743-5511
Fax: 301-743-9008

Recycling/Yard Waste

Solid waste products such as glass jars and bottles, newspapers, plastic bottles and metal cans will be picked up at the curb every Wednesday within the Town of Indian Head. Place these items in your recycling bin—no need to separate them.

Yard waste will be collected on Wednesdays, year-round, weather permitting. Grass clippings and leaves must be placed in brown paper bags or in a trash container marked "Yard Waste" and placed at curbside. Brush must be bundled and must not be any longer than four feet (4') in length. Individual pieces of brush must not be any larger than six inches (6") in diameter.

Bulk trash can be scheduled year-round on Wednesdays. Fee of $50 (cash or money order **ONLY**) per scheduled pick-up must be paid in advance at time of scheduling at Town Hall. All items must be curbside by 7:00am on the prescheduled pick-up day but not earlier than 48 hours prior to pick-up day.

Utility Rates

The Town bills for utilities on a quarterly basis. Please make note that you will be receiving a bill four times a year (July, October, January and April). ***You are encouraged to make an estimated payment monthly toward your quarterly bill.*** For more information you can call Town Hall at 301-743-5511.

Water & Sewer Rates
Minimum rate for all residential customers **$ 70.40**
(per dwelling unit per quarter) plus
$6.85 for every 1,000 gallons used
Minimum rate for all commercial customers $**212.80**
(per unit per quarter) plus
$6.85 for every 1,000 gallons used

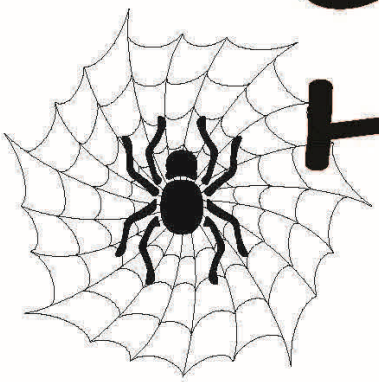

Bay Restoration Fee
$15.00 to State of Maryland Comptroller's office for the Bay Restoration Fund

Trash Rates
Residential/Multiple Residential Rate: ***$ 80.00 (per dwelling unit per quarter)*** - Billed quarterly for twice a week curb-side pickup and one (1) recyclable products pickup per week.

Commercial Rate

Category I	Dumpster (4cu yds)	$495.00 per quarter
Category II	Maximum 2 cans (per unit)	$95.00 per quarter
	Each additional can	$46.00 per quarter

All residential and commercial units within the Town of Indian Head shall avail themselves of the Town's curb-side trash collection service.
