Mayor's Message by Brandon Paulin

Hello everyone,

Wow has it been unseasonably warm in Town this February! If only every day could be in the 70's and sunny. I want everyone to watch out as they're driving because as it gets warmer kids break out the bicycles so just keep an eye out for them throughout your community and when you are driving around.

Now, in regards to the Town's revitalization we as a Town have been extremely busy. We received the findings and recommendations from the Urban Land institute back, those can be found on the Town website. We are working diligently with the Phillips property and ELYs property owners to get some projects off the ground. I am confident that these are going extremely well and you should see progress in the coming months with multiple properties. Just think, a year from now our downtown could look completely different from the blighted vacant building filled downtown we have now! That's something to get excited about!

A few other updates. The MAC (Military Alliance Council) has received a grant to finish cleaning up the lot near the base gate, work on that should resume soon. The Town has applied for a MEA grant to do a few energy reduction things around Town. And we're working on next fiscal year's budget! Presentation for the budget should take place in April.

A reminder that the first Monday of every month is when our Town meetings are and I encourage everyone to come and really get involved within the community. We have plenty events throughout the year that we need volunteers for, Committee/ Commissions that need members, and ideas that we need to listen to. So get involved!

In the meantime if any updates or new information about the Town comes about feel free to friend me on Facebook or follow me on Twitter. The Town of Indian Head is also on Facebook and Twitter so give them a follow! Or email me brandon@townofindianhead.org

Until next time. –Mayor Brandon Paulin

REMEMBER TO LOCK YOUR DOORS

Spring Cleaning is a Good Time to Make Your Home Fire Safe

As the season changes and Spring approaches, our thoughts turn to warmer temperatures and Spring Cleaning which means time to do a thorough cleaning of our homes and yards. In an effort to remind everyone that your "Spring Cleaning" project is also a time to remember fire safety, the Indian Head Volunteer Fire Department would like to remind everyone of the following safety tips.

When cleaning the inside of your home, don't forget to check these vital life safety devices and areas thoroughly.

- Remember that smoke alarms increase your chances of surviving a home fire by 50% so be sure to check these devices for proper operation and be sure to clean them by vacuuming them as part of your cleaning.
- Check the age of the smoke alarms, they should be replaced every ten years according to the manufacturers of the devices.
- **As a reminder, in the state of Maryland, if you replace your smoke alarms you must replace them with a new 10 year battery life battery alarm.**
- Be sure to test the batteries in your smoke alarms. If they are not working properly, it's time to replace them.
- At minimum, there should be a least one smoke alarm on every floor of your home.
- If you have a fire extinguisher in your home this is a good time to check it and replace if necessary. If you have an ABC Dry Powder extinguisher it needs to be replaced every 12 years.
- This is a good time to check all electrical equipment and appliances for damaged or frayed cords and replace them if necessary.
- Be sure to check your electrical outlets to ensure that they're not overloaded or damaged.
- Remember to check for lint buildup from your dryer in the hose and vents. Dryer fires are rapidly becoming a major cause of home fires.
- Clean your oven and stove making sure you get all the grease and unwanted buildup to prevent a fire.

Pay special attention to more than the pretty flowers when outside!

- Be sure to remove all outdoor debris and dead vegetation away from home to help reduce the potential of a fire starting in your yard and extending to your home.
- **As a reminder, these items need to be properly disposed of by recycling or through the Town. Do not attempt to burn these items as there is no outdoor burning permitted within in the Town limits.**
- Be sure your address numbers are visible for all Emergency Services to see in the event of an emergency and if needed replace the numbers with new ones.
- All fuels for lawn and garden equipment should be stored in an approved container and never stored in your home or attached garage.
- As part of our Spring Cleaning, many of us take this opportunity to get rid of many of the old and/or unwanted household chemicals and yard fertilizers. As a reminder these chemicals should be sorted in their original containers and property disposed of at the Charles County landfill at no cost to you.

Here are a few examples of these types of products:

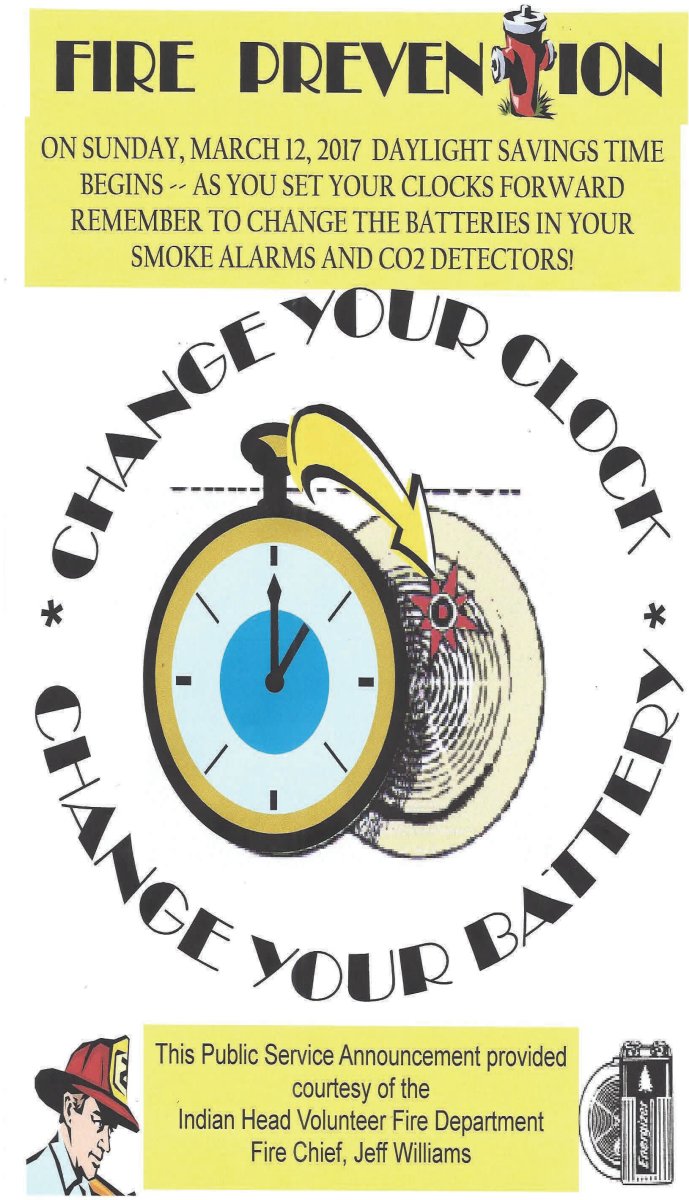

- Pesticides, fertilizers and weed killers
- Pool chemicals
- Paint and thinners
- Gasoline or other flammable/combustible liquids
- **NEVER** dispose of these types of products in the trash as they could leak causing a chemical reaction and possibly start a fire.

Grilling Safety

- Barbeque gas grills should be thoroughly inspected, including gas hoses, connections, burners and propane tanks should be inspected prior to use.
- Any old charcoal should be disposed of properly. Once charcoal gets wet it can spontaneously self-combust once it dries.
- **As a reminder, it is against the Maryland State Fire Laws to grill on a balcony and you could face possible fines if you are found grilling on a balcony.**

By following these simple safety tips while performing your annual Spring Cleanup you can greatly improve your family's safety and reduce your chances of a fire in your home. If you or your neighbors are in need of a new 10 year battery smoke alarm or if you have any questions or concerns about Fire Safety/Prevention please contact the department at 301-753-9400 or 301-743-3900.

If you are interested in serving your community and becoming part of our team, please stop by and see us at the Fire Station.
